

The LM is a larger version of the CP to illuminate areas such as walkways, stairways and decks where path lights or down lights are impractical.

LM: Wall Light

Perfection Every Time

With the LevelX feature built-in, the designer can be in complete comfort that the fixture will be installed on a perfectly level visual line. With its durable, sturdy materials, the user can have confidence that the LM can last for years on end.

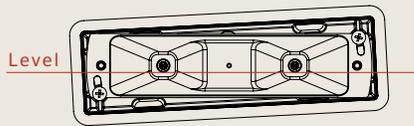

LM: Wall Light

FACTORY INSTALLED OPTIONS: Order 1 + 2 + 3

Step	Description	Code
1	FIXTURE	LM
2	LAMP	20 (10,000 Hr Xenon), 20H (5,000 Hr Halogen)
3	FINISH	CU, NP, WG, FW, AL, BZ, DG, WI, VF, SB, FB

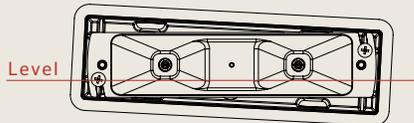

EXAMPLE: LM-20-SB = LM - 20W Xenon - Sedona Brown Finish

MOUNTING FEATURES AND DIMENSIONS:

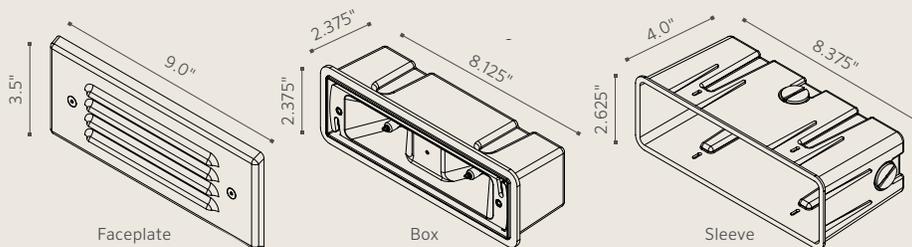

Perfectly Level Every Time

The LevelX system allows the composite sleeve to be up to 3/8" out of level, in either direction, while still allowing the faceplate to be laser level.

The secret: The trim attaches to the adjustable reflector assembly - not the composite sleeve or body. Heavy foam gasket keeps light spill to a minimum.

METALS

POWDER COAT

The LM includes two 10 watt xenon or halogen lamps, choice of faceplate finish, and mounting sleeve.

* May require longer lead time
